Dear Resd Residents of peasmarsh

I am writing to warn you that you need to pick up litter. We need to help the animals eating all this rubbish on the floor. We need to help the universe because it is Gods creation. The world is full of litter and rubbish.

I think we should be kind to all living creatures.

What will you do to help pick up all this litter. We cant leave it! we need to get some gloves and

the right bin.

Yours sincerely

This is all your rubbish and this
is ~~is~~ spreading all around Peasmarsh
primary school.
