Friday 15<sup>th</sup> November 2019

Dear Residents of Peasmash

I am writing to warn you about all the rubbish in Peasmash because it is damaging the environment.

Do you really want the animals to be harmed by rubbish?

Animals are getting harmed by rubbish and some rubbish like bottles, plastic, cans. All can be blown in to rabbits borrows, hedgehogs<sup>are</sup> getting stuck in jars so help the animals.

Every-one must recycle so our Planet can be saved and to conclude I would like to be a Agent of

Change I pledge to keep the world clean  
and never break my pledge.
